

FOR IMMEDIATE RELEASE

University Heights Residents Invited to Share Ideas at Design Workshop

Contacts:

Councilor Dorothy Maher, (319) 321-6161

Hannah Howard, Trees Forever, (563) 316-0339

University Heights, IA (June 14th) – Residents will have the opportunity to share their ideas for improving University Heights at a design workshop hosted by the University Heights visioning committee at The University Club on Tuesday, June 28th. This workshop is the culmination of an input-gathering process to identify transportation needs and opportunities for enhancements in University Heights. Information collected at public input gathering events conducted earlier this spring will be incorporated into a conceptual transportation and landscape enhancement plan.

A design team will be working at The University Club, 1360 Melrose Ave throughout the workshop to develop a conceptual plan that meets the goals and needs of University Heights. The public is invited to stop in between 4 and 7 pm to provide input on the designs. Results from focus-group workshops and the random-sample transportation survey will also be available.

The workshop will conclude with a review of the preliminary designs created during the workshop. The review is from 7 to 7:30 pm at The University Club and is open to the public.

To learn more about participating in the design workshop, please call Dorothy Maher at (319) 321-6161 or Hannah Howard, Trees Forever field coordinator, at (563)316-0339.

The Iowa's Living Roadways Community Visioning Program is sponsored by the Iowa Department of Transportation in partnership with Iowa State University Extension Landscape Architecture and Trees Forever.
