

AN INVITATION TO PARTICIPATE

...In Designing Your Community

University Heights is participating in the 2016 Community Visioning Program. Iowa State University is gathering information from community members to learn your opinions on how to improve the community's landscape through transportation enhancements.

The goal of this project is to develop a landscape plan that will graphically illustrate the vision of University Heights. Your input is an important part of this process and your ideas about community design and enhancement are valuable to the University Heights' visioning committee.

Join us for focus groups...
